1. LEASE OF GFC MASTERNODES

This Agreement governs only the lease of GFC Masternodes (as such concept is defined in the “Glossary” of this document) during the preliminary lease of GFC Masternodes, i.e. from December 3rd, 2018 until the amount of GFCs or Nodes, established in the Website, is reached (hereinafter the “Hard Cap”), (this period is referred to as the “Offer Period”).

The Lessee hereby acknowledges that GO-FUND is and will be the sole and exclusive owner, proprietor and holder of the GFCs, which constitute the corresponding Masternodes and of the Masternode itself. In order to be able to rent a GFC Masternode, the Company shall, firstly, form and unify the amount of GFCs established in the Website and in Annex 1 of this Agreement (hereinafter referred to as the “Masternode Collateral”). The Lessee will not be entitled to use, modify, add or change in any form the amount of GFCs and the Coins itself which are in the Masternode Collateral, according to the terms and conditions established in Annex 1. GO-FUND shall hold and block GFCs within the Masternode Collateral and run the Masternode for the benefit of the Lessee. Accordingly, GO-FUND will transfer to the Lessee the corresponding Masternode Rewards (as such concept is defined in the “Glossary” of this document) in the percentages, amounts, terms and conditions established in Annex 1 of this Agreement, the Company’s Whitepaper or any other document or publication posted in the Website. All Masternode Rewards are issued in GFC, by default.

However, if at any point during the Lessee’s lease of a Masternode, the Lessee withdraws from the lease of Masternodes before the period established in the Annex 1 of this Agreement, the Website, the Whitepaper or any other document posted on the Website, or breaches his/her/its obligations as established in this Agreement, or terminates this Agreement for any reason, he/she/it will be disqualified and excluded as a Masternode Lessee by GO-FUND. Consequently, the Lessee will not be entitled to the corresponding Masternode Reward.

Hereby, the Lessee acknowledges that there is no guarantee that an increase of the GFCs’ market value or the Masternode Reward can be achieved. If the Lessee decides to participate in the Offer Period as a form of investment, the Company expressly warns the Lessee that an investment in GFCs and Masternodes carries a high degree of risk. Please refer to our Whitepaper’s Disclaimer and Risk Statement document in our Website. This Agreement may only be used for the purposes for which it has been published. In particular, it may not be used for the purposes of an offer or solicitation by anyone in any jurisdiction in which such an offer or solicitation is not authorized or to any person to whom it is unlawful to make such an offer or solicitation.

2. REGISTRATION AND PROCEDURE DURING THE OFFER PERIOD

As established in the Anti-Money Laundering Policy (hereinafter referred to as “AML Policy”) published in the Website, GO-FUND may require the Lessee to provide identification or other documentation in order to help the Company prevent fraud or money laundering. Such information shall be processed according to GO-FUND’s Privacy and Cookies Policy.

It is expressly forbidden for the Lessee to lease GFC Masternodes through anonymous proxies and other services or technologies that hide the real internet connection of the Lessee.

GO-FUND shall hold and run GFCs within its Masternode for the benefit of the Lessee according to the terms and conditions established in Annex 1 of this Agreement. By using the Website and by renting Masternodes you confirm that you are acting for your own benefit.

The Company reserves the right, in its sole discretion, to terminate your access to the Website and to the lease of GFC Masternodes at any time, without notice, in particular due to legal grounds originating in Anti-Money Laundering (hereinafter referred to as “AML”) regulations and procedures.

By renting GFC Masternodes, or submitting a Masternode Reward stake request, or by registering in the Website, you agree to be bound by these terms and conditions, as well as the terms and conditions of any other documents published in the Website. GO-FUND may at its own discretion decide whether applications for GFC Masternodes’ lease or for running GFCs’ shall be accepted. If the Lessee’s request is accepted, a legal and enforceable agreement will be entered by and between the Lessee and GO-FUND. Acceptance is subject to availability, amongst other reasons. GO-FUND reserves the right to decline your payment at any time in case the Lessee’s request is not accepted by GO-FUND.

Subject to the payment of any fees which may be applied according to the amounts published in the Website, the Lessee shall be able to receive Masternode Rewards on the basis of running GFCs which are part of the Masternode Collateral and from the date from which the Lessee decides to lease the Masternode according to the dates and Rewards as shown in the table in Annex 1 of this Agreement. GO-FUND shall manage, administer and control the holding and running of GFC Masternodes and the Masternode Rewards.

The Lessee is solely responsible for the accuracy of payment, including but not limited

to: the destination account, transferable amount and payment details. GO-FUND reserves the right to request proof of payment.

The Lessee is strictly forbidden to use or exploit any errors associated with the design of the Website, GFC Masternodes and/or all and any of their parts, features which have not been documented, and/or “program bugs” for any type of gain or as means to disrupt and/or destabilize GFC Masternodes, the Coins and/or the Website. If you encounter such an error by accident, you are required to report your findings to the following e-mail office@go-fund-ico.com.

3. REFUND OR CANCELLATION

Unless otherwise provided by applicable laws or by a particular offer made by GO-FUND, all leases of GFC Masternodes are final and non-refundable. Please bear in mind that Articles 9 to 15 of the Consumer Rights Directive are not applicable to our subject matter. This lease of GFC Masternodes during the Offer Period is exempted from the right of withdrawal since it concerns digital content for which the price is dependent on fluctuations in the financial market which cannot be controlled by GO-FUND.

By registering in our Website, you acknowledge that GFC Masternodes, given their nature, have not been issued yet. This means that dependent on the issuing of Coins, it may be possible that GFC Masternodes cannot be formed as a result of change or amendment in the market conditions or relevant applicable legislation; hence, it is not assured that you will obtain the Masternode Rewards.

4. RISKS AND SECURITY

As established and explained in this Agreement, GO-FUND’s Disclaimer and Risk Statement and in any other document published in the Website, the Lessee acknowledges that there are risks associated with the renting of GFC Masternodes and with obtaining the Masternode Rewards. By renting Masternodes the Lessee expressly acknowledges and assumes these risks. The Lessee has the obligation to implement appropriate measures designed to secure access to (i) any device associated with the email address connected with the Lessee’s account and balance, (ii) private keys and passwords required to access the cryptocurrency address, where applicable, and (iii) the Lessee’s username, password and any other login or identifying credentials. GO-FUND will not be, in any case, liable for the loss, misuse or breach of security with regard to private keys, passwords or any other of the foregoing, pertaining to the Lessee’s account.

In case you suspect a security breach in any of the above mentioned, you shall inform the Company immediately, so GO-FUND can take available measures to secure your account and balance, Masternode Rewards and systems as a whole. Moreover, in the event that the Lessee is no longer in possession of devices associated with his/her/its account or if he/she/it is not able to provide the corresponding login or identifying credentials, GO-FUND may, at its sole discretion, and in those cases that it is possible without any hindrance to the Company, grant access to the Lessee's account, provided that additional credentials and proof of identity is granted to GO-FUND. The Company explicitly reserves the right to determine the additional credentials required, including but not limited to, a sworn, legalized, notarized statement of identity.

5. TERMINATION OF THE AGREEMENT

This Agreement is valid while profitable, until expired or until terminated, whichever is sooner as follows:

- a) Those leases of GFC Masternodes with a stated expiry date will end on the date of expiry and the run of the Masternode, that is until April 14th, 2019 and according to the terms established in Annex 1 of this Agreement; or
- b) Until the running process of the Masternodes becomes unprofitable. This means the running process will end if the running return or Masternodes Rewards will become lower than 0. If Masternodes' running remains unprofitable for 21 (twenty one) consecutive calendar days, this Agreement shall be terminated.
- c) If either the Lessee or GO-FUND prefers to terminate this Agreement after the conclusion of the obligatory period established in the Website, the Whitepaper and in any other document published in the Website. The Lessee shall send to GO-FUND a written notice of termination 2 (two) consecutive calendar weeks prior to the intended termination date.

6. REPRESENTATIONS AND WARRANTIES

By participating in the Offer Period and by renting GFC Masternodes, the Lessee represents and warrants to GO-FUND the following:

- a) To have read and understood this Agreement, the latest version of GO-FUND's Whitepaper and any other document published in the Website; furthermore, to have acquired enough information about GFCs and GFC Masternodes, in order to reach a properly informed decision pertaining to the lease of GFC Masternodes;

 - d) That she/he/it is not domiciled in an Excluded Country, neither is a citizen of the foregoing countries;
 - e) To have understood the functionality, usage, storage, transmission mechanisms and other material characteristics of cryptographic coins, coin storage mechanisms (such as “coin wallets”), blockchain technology, blockchain-based software systems and GFC Masternodes, in order to understand the terms of this Agreement;
 - f) That he/she/it understands that GFC Masternodes are only a digital representation for participation in the Offer Period and grants no other rights of any form with respect to the Company, or its corporate affiliates, including, but not limited to, any voting, distribution, redemption, liquidation, proprietary (including all forms of intellectual property), or other financial or legal rights;
 - g) To acknowledge that GFCs are not digital currency, security, commodity or any other kind of financial instrument and have not registered under the securities law of any country;
 - h) That the lease of GFC Masternodes complies with the applicable laws to this Agreement and any regulations in the Lessee’s jurisdiction, including, but not limited to, (i) legal capacity and any other applicable legal requirements in your jurisdiction for renting GFC Masternodes and receiving Masternode Rewards, as well as entering into agreements with GO-FUND, (ii) any foreign exchange or regulatory restrictions applicable to such renting, and (iii) any governmental or other consents that might need to be obtained;
 - i) That the Lessee will comply with any applicable tax obligations in the corresponding jurisdiction arising from the lease of GFC Masternodes;

 - l) To provide all documentation required at any moment by the Company for the purposes of complying with any AML laws and/or regulations, including any obligations that the Company may have to report or retain information.

7. INDEMNIFICATION

In addition to any other action available under the applicable laws or this Agreement, the Lessee shall indemnify GO-FUND as well as its officers, representatives, directors and employees and hold them harmless from damages, costs, expenses or losses (including reasonable attorneys' fees) that arise from or relate to the Lessee's failure to comply with any of his/her/its obligations under this Agreement or for the misrepresentation or inaccuracy of any of the declarations and guarantees of the Lessee.

The declarations and warranties of the Lessee shall survive their legal prescription; therefore, any claim for non-compliance, falsification or inaccuracy of said declarations and warranties which arise before its legal prescription will subsist together with the obligation to compensate derived from such claim. By virtue of the foregoing, the Company may at any time submit a claim for breach, misrepresentation or inaccuracy of the Lessee's declarations and warranties.

In the event that any officer, representative, director or employee of the Company receives a claim from third parties that is covered by the Lessee's obligation to indemnify, the Company will inform the Lessee of such claim. The Lessee will take over the defense against such claim as long as he/she/it informs the Company about the progress of the process. In case the Lessee does not take any action in a timely manner after the Company's notification or does not assume any legal defense against such claim, the Company may exercise control of the defense at Lessee's costs, expenses and risks, without prejudice to Company's right to bring legal action against the Lessee.

Targeted listing price \$ 1.80

Within the framework of the Initial Coin Offering, the Company will issue a listing price for the Coins in the amount of \$ 1.80 for 1.00 GFC. The Company assumes no liability whatsoever for the success of the Initial Coin Offering or the achievement of the targeted listing price. The Lessee expressly acknowledges the foregoing.

The reward structure is structured as follows:

Block Amount	Reward Masternode per Block	Daily Output (Masternodes)	Quantity of Days from Genesis (1st) Block
Until 25,000	200.00 GFC	144,000.00 GFC	21 Days
Until 30,000	160.00 GFC	115,200.00 GFC	42 Days
Until 50,000	120.00 GFC	86,400.00 GFC	69 Days
Until 100,000	100.00 GFC	72,000.00 GFC	139 Days

Masternode leases are awarded according to the "first come - first serve" principle. The total daily rewards are to be divided by the amount of the pre-active nodes.

The daily rewards depend on the so-called block time of blockchain. This blocktime shall be fixed for 2 (two) minutes. However, the blocktime can slightly vary depending on the transfer volume (+/- 20%); therefore, this information is to be understood as an

approximate value or as a guideline. The calculated scenario of the Masternode Rewards is specified on the following page.

The Company assumes no liability for the success of the ITO or for reaching the indicated approximate values due to technical problems of any kind, fault of any third-parties or negligence. The Lessee expressly acknowledges the foregoing.

Masternode Reward calculation

This table establishes the terms and conditions for awarding the Masternodes Rewards to the Lessee. Depending on the date that the Lessee decides to lease the Masternode from GO-FUND, the Lessee shall receive the amount of GFCs mentioned in the "Reward MN bought today" column which corresponds to that date. The Lessee hereby acknowledges and accepts the calculation for awarding Masternode Rewards and understands that the amount of Nodes running in a corresponding date directly affects and influences on the amount of Reward per Node.

The Lessee or any person interested in renting Masternodes according to the terms of this Agreement will be able to do so up to and including February 22th, 2019. Moreover, the leased Masternodes will run from the date that the Lessee decides to start with the lease of Masternodes, until April 14th, 2019.
